

County Recorders' Association of the State of California
2016 Document Reference and Indexing Manual
Available at a Discounted Rate of \$50

Are you having a problem in preparing and/or recording various legal documents associated with your real property-related transactions?

The County Recorders' Association of California has the answer. We have developed and continue to maintain the Recorders' Document Reference and Indexing Manual. It provides the user with basic document requirements, what can or cannot be recorded, and definitions common to legal documentation and the recording process.

All Sections of the Manual have been appropriately updated and document titles have been cross-indexed to provide rapid location of specific recording and indexing information.

The Recorders' Document Reference and Indexing Manual is available in hard copy only. The companion binder is no longer available. The manual will fit into a 3" ring binder.

For more information contact Mark Lunn at mark.lunn@ventura.org or 805-654-2266.
